SUMMARY

I am a job seeker in the field of computer science, with a diverse experience in sales management and administrative assistance. In my role at the IT Office, I addressed technical inquiries and managed schedules and emails. Armed with a Professional Diploma of Computer Science, I have a solid foundation in core computer science concepts and proficiency in programming languages. Additionally, my blend of technical skills, including proficiency in Microsoft Office and programming languages, positions me as an effective professional in the field of computer science.
